

GLC Digital Mobility Platform –

Scope Freeze & Clarification Document

(v1.0)

Pending Technical Clarifications

1. Automated Driver Payouts

You mentioned that driver settlements must be credited automatically to the driver's bank account upon status updates (Reached School / Reached Home).

Please confirm:

- Which payout provider should be used?
 - RazorpayX
 - Cashfree Payouts
 - Paytm Payouts
 - Other
- Will the payout provider account be arranged by your team?

2. Conference Calling & Call Recording

The SOS module requires:

- Conference Calling
- Call Recording
- Parent escalation workflow

Please confirm your preferred telecom provider:

- Exotel
- Twilio
- Knowlarity
- Other

Estimated Timeline:

1. UI Design:

- Approx. 30 Working Days

2. Driver Mobile App:

- Approx. 150-160 Working Days

3. Web Development:

- Approx. 150 Working Days

THANK-YOU
